DRAGE, George KETTERING?

Trying to write a paper on George Drage is on a par with making bricks without straw! All that has been uncovered about this operator is the fact that he was granted an Omnibus Licence by the Streets, Buildings and Sanitary Committee of Kettering Urban District Council on 1st June 1910. At the same time Drage was granted a Driver's Licence.

Whether the vehicle in question was a horse or motor bus is unknown but it had a seating capacity of eight.
