

## TOWNSEND. R. RAVENSTHORPE

There is virtually no positive evidence to suggest whether or not R Townsend of Ravensthorpe ever operated a passenger vehicle. Accordingly this entry is made in case any further details or photographs turn up in the future.

The facts that are known are that on 12th December 1919 a twelve-seater Studebaker was registered as NH 2433. There is no indication whether it was a limousine, a taxi or a bus and neither is it known whether the Studebaker's first owner was Mr Townsend. However, Townsend was the final owner who last licensed it at the end of February 1928.
