

## MIDDLETON. H KETTERING?

Were it not for the Minutes of Kettering Urban District Council's Street, Buildings & Sanitary Committee the existence of H Middleton in connection with buses would not be known. As it is, at the above Committee's meeting of 1st June 1910 H Middleton was granted an Omnibus Licence for a vehicle that could carry ten passengers. There is no indication whether the licence was for a horse or motor bus but in 1910 a horse bus would be most likely. Furthermore there is no hint of the use to which the bus was put.

At the same Meeting a James Middleton was granted a Driver's Licence so presumably James was a relation of the owner of the bus.
