SCADDING. V.M.H. KETTERING

The sole scrap of information regarding V M H Scadding of Kettering comes from the Minutes of the Streets, Buildings & Sanitary Committee of Kettering Urban District Council for 19th May 1920 when the above gentleman was granted one licence for his omnibus and a driver's licence to permit him to operate the vehicle. Unfortunately there are no clues as to what the bus may have been or where it was operated.
